

Cell Phone/Electronics Policy

Cell phones can only be used during instructional time to listen to music. Any other actions such as texting, playing games, taking pictures, recording students/staff, making phone calls, are not allowed so the student will be asked by the staff member/principal to put the device away or give the device to the staff member /principal.

If a cell phone/tablet/computer is used to create conflict or distract students from their schoolwork, then the student will be asked by the staff member/principal to put the device away or give the device to the staff member/principal.

We are here to focus on learning. This policy will help students complete their assignments.
